Health and Wellness Packaging Strategy

PREMIUM
HEALTH & WELLNESS
COLLECTION

- Non-explicit, non-gendered packaging for retail and consumer acceptance

“Given consumers' sensitivity to perceived posturing on the part of brands, support for gender diversity needs to align with the brand's image and to be carefully executed”. [Design analytics](#)

“Consumers are looking for products that meet their needs, not products that force them into traditional gender roles or binary frameworks,” [outlines the study](#).
